Ref: Equipment Authorisation Submission for SRT-MTB-OEM

22 February, 2007

Attn. Reviewing Engineer
Office of Engineering and Technology
Federal Communications Commission

Dear Sir or Madam:

The attached documents support the submission for the SRT-MTB-OEM AIS Class B Transponder. Software Radio Technology plc. confirm that the SRT-MTB-OEM conforms to the relevant international standards for Class B AIS devices including IEC62287-1 & IEC60945.

The SRT-MTB-OEM has been certified by the United States Coast Guard and granted certificate number 165.156/0001/0.

The unit has also been type approved by BSH and granted certificate number 46162/4320358/2006.

Please contact me should you require any additional information. I can be contacted on +44 1761 409547 from 9am to 5.30pm GMT or by email to matt.clarke@softwarerad.com

Yours sincerely,

Matthew Clarke MEng CEng MIET
